

9 LIFE SAVING RULES

As employees and contractors of NLNG Shipping and Marine Services Ltd (NSML), we must regulate our actions, organise our work and moderate our behaviours to reflect our core values of Professionalism, Teamwork, Respect, Efficiency and Caring. Caring for oneself and others Safety and Security means total Compliance with rules, Intervention when things are unsafe and treating people and property with Respect.

Our goal is Zero harm to people, environments and assets, zero security incidents. And Goal Zero can only be met when we comply with the following Life Saving Rules set out by company and binding on all staff and contractors.

1. Obtain authorisation before overriding or disabling safety control
2. Obtain authorisation before entering a confined space
3. Following driving rules
4. Verify isolation and zero energy before work begins
5. Control flammables and ignition sources
6. Keep yourself and others out of the line of fire
7. Plan lifting operations and control the area
8. Work with a valid permit when required
9. Protect yourself against a fall when working at height

Remember that individual accountability demands that when unfit to work, employees/contractors should not work so as to not to put themselves and others at risk. Any deliberate failure to comply with the "Life Saving Rules" will result in appropriate disciplinary action including dismissal from the vessel or office.

Relentless Pursuit of Goal Zero!!!
